FACTS

Phillips 66 – Intellectual Property Rights

7. For more than 140 years, Phillips 66 and its predecessors in interest (collectively “Phillips 66”) have engaged in the world-wide manufacture, marketing, distribution, and sale of high quality petroleum products and services, including gasoline, diesel, jet fuel, lubricants, motor fuels, and other related products and services. Phillips 66 manages over 18,000 miles of crude oil, raw natural gas liquid, natural gas and petroleum product pipeline systems in the United States, including those partially owned and operated by affiliates.

8. Since at least as early as 1932, Phillips 66 has continuously used the mark 76 and the 76 design marks shown below (collectively, the “76 Marks”) in connection with these products and services.

9. The 76 Marks were first used by Phillips 66's predecessor in interest, Union Oil Company of California, doing business as Unocal, in 1932. In addition to the 76 Marks shown above, Unocal also used the marks UNION 76, UNOCAL 76, and 76 LUBRICANTS in connection with its products and services.

10. In 1997, Unocal sold its western United States refining and marketing operations and the rights to the 76 Marks for use in refining and marketing operations to Tosco Corporation. Phillips Petroleum Company purchased Tosco Corporation, along with the rights in the 76 Marks, in 2001. In 2002, Conoco Inc. and Phillips Petroleum Company merged into ConocoPhillips.

11. In 2012, ConocoPhillips divested all of its midstream, downstream, marketing and chemical operations, as well as rights to the 76 Marks in connection with those operations, to the newly created company Phillips 66.

12. A timeline showing the evolution of some of the trademarks used by Phillips 66 and its predecessors from 1932 to the present is attached hereto as **Exhibit A**.

13. Since that time, Phillips 66 has continued to use the 76 Marks in connection with its products and services. Phillips 66 has also licensed the mark 76 for lubricants internationally in Asia and also licenses the marks UNION 76, 76 LUBRICANTS and similar marks in connection with merchandise available for purchase in the United States and internationally.

14. Phillips 66 owns numerous valid federal trademark registrations for the 76 Marks, including U.S. Reg. Nos. 0,566,785; 0,754,420; 0,764,442; 0,867,703; 2,935,849; 3,727,675; 3,492,578; 3,495,946; 3,069,038; 3,694,150; 3,024,484; 3,694,150; 3,024,484; 3,093,884; 3,107,583; 2,938,185; 3,042,693; 2,940,047; 3,176,763; 3,176,768; 4,727,793; 4,789,834; and 4,930,390. True and correct copies of these registrations are attached as **Exhibit B**.

15. Registration Nos. 0,754,420; 0,764,442; 2,935,849; 3,727,675; 3,492,578; 3,495,946; 3,069,038; 3,694,150; 3,024,484; 3,694,150; 3,093,884; 3,107,583; 2,938,185; 3,042,693; 2,940,047; 3,176,763; 3,176,768 are incontestable under 15 U.S.C. § 1065. Such registrations constitute conclusive evidence of the validity of the registered marks and of the registration of the marks, of the registrant's ownership of the marks, and of the registrant's exclusive right to use the registered marks in commerce under 15 U.S.C. § 1115(b).

16. Phillips 66 has developed and controls an extensive network of licensees and sub-licensees who manufacture, market, distribute, and sell authorized products and services throughout the United States and internationally.

17. Over the years, Phillips 66 has expended a great amount of time and monetary investments to ensure that its products and services meet high standards of quality, safety, and performance. Phillips 66 has established a number of quality control standards and procedures to protect the safety of its customers and to ensure its customers associate the 76 Marks with quality products.

18. Over the decades that the 76 brand has been used, Phillips 66 and its predecessors in interest have also expended hundreds of millions of dollars in promoting its products and services offered under the 76 Marks.

19. As a result of Phillips 66's quality control measures and promotion expenditures, Phillips 66 has developed goodwill, public recognition, and strong rights in its marks, which consumers have come to know and trust as symbols of quality and value.

20. The 76 Marks are inherently distinctive, serving to identify and indicate the source of Phillips 66's products and services to the consuming public, and to distinguish Phillips 66's products and services from those of others.

21. Additionally, and alternatively, as a result of Phillips 66's frequent and widespread use and promotion of the 76 Marks, the marks have become distinctive to designate Phillips 66's goods and services, to distinguish Phillips 66's goods and services from the goods and services of others, and to distinguish the source or origin of Phillips 66's goods and services.

22. Phillips 66 has invested considerable effort and resources in developing, using, advertising, and promoting the 76 Marks in over 50 countries, including the United States, Mexico, Guam, Japan and the continent of Asia.

23. Over the years, Phillips 66 has sold billions of gallons of petroleum product and promotional merchandise bearing the 76 Marks worldwide. Because of the substantial revenues generated under its brands on an annual basis, Phillips 66 is ranked 27th on the Fortune 500 (2020) and 61st on the Global Fortune 500 (2020) lists.

24. As a result of extensive and widespread use and promotion by Phillips 66, the 76 Marks have become famous throughout the United States and in the State of Texas to indicate the source of Phillips 66's goods and services.

25. As just one example of the notoriety of the 76 Marks, the 76 Marks are frequently featured in popular television shows and films, including The Lost World: Jurassic Park, Dawn of the Planet of the Apes, and the Land of the Lost.

Defendant's Activities

26. On information and belief, Defendant manufactures and sells oils, lubricants and other related products.

27. Defendant uses marks that appear to be the 76 Marks or close variants thereof (the "Counterfeit Marks") prominently in connection with its business in numerous ways. For example:

- a. Defendant uses the name UNOCAL 76 and the stylized UNOCAL 76 design mark shown below as its brand name, including on its website unocalglobal.com (URL and content are collectively, hereinafter, “Website”). *See e.g., Exhibit C.*

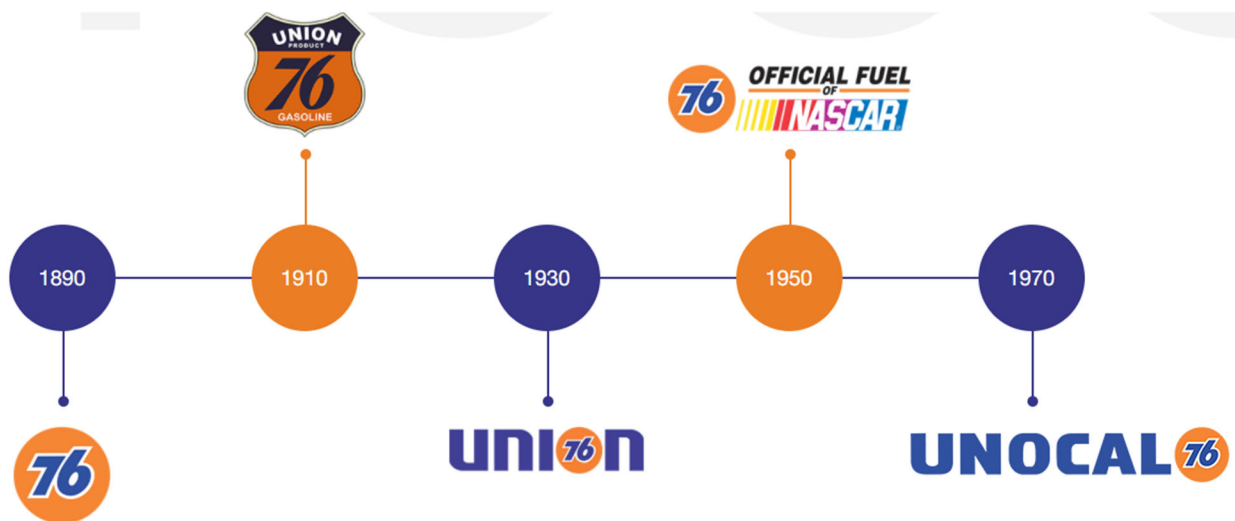

- b. Defendant repeatedly claims on its Website and in its promotional materials that it is “A Lube Brand of USA” and “a Brand of USA Since 1890” in order to create the false impression that Defendant is affiliated with Phillips 66. *See id.*
- c. In furtherance of that false impression, Defendant also claims on its Website that “Unocal 76 Lubricants” are “American Energy. Delivered.” *See id.*
- d. Defendant labels its products with the Counterfeit Marks, such as those advertised on its website (examples shown below and in **Exhibit D**):

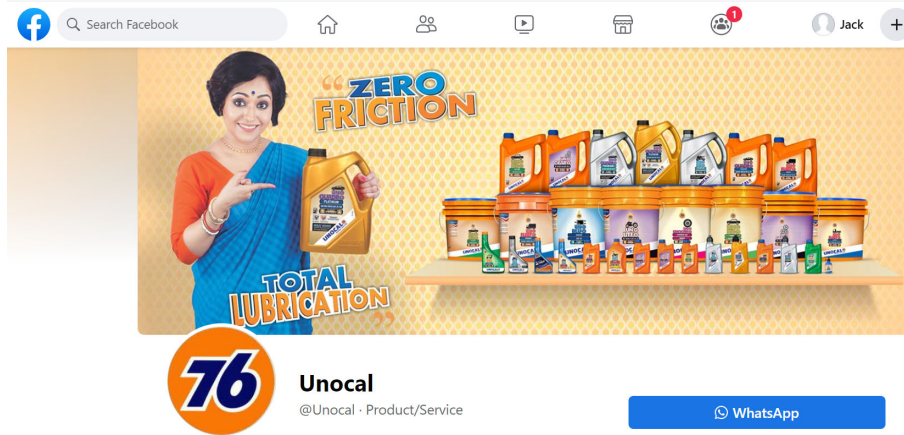

- e. Defendant uses the Counterfeit Marks on its “History” page of its Website to falsely suggest that the company is affiliated with Phillips 66 (as shown below and in **Exhibit E**).

- f. Defendant also uses the phrase “Represent The Good Stuff” on its Website, a clear reference to two taglines that Phillips 66 and its affiliates have used—“The Good Stuff” and “Demand The Good Stuff.”
- g. Defendant also uses the Counterfeit Marks on its social media pages, examples of which are shown below and in **Exhibit F**.

28. The goods and services sold by Defendant using the Counterfeit Marks are not genuine Phillips 66 goods or services.

29. Defendant has intentionally targeted the goods and services offered under the Counterfeit Marks to United States customers.

30. For example, in addition to claiming that it is “A Lube Brand of the USA” and that “Unocal 76 Lubricants” is “American Energy. Delivered” on its English-language Website, Defendant also claims: “UNOCAL 76 has its foot prints worldwide covering over 57 countries across 6 continents. *Major markets being United States of America*, Japan, China, Bangladesh, Nepal, India, Pakistan, and Thailand among others” (emphasis added, *see Exhibit G*).

31. Through its interactive website unocalglobal.com, customers in the United States can submit an application to “Create Your Own Formula” with Defendant. Defendant promises its potential customers, including those located in the United States, that it “can formulate the product you need for any application.” *See* **Exhibit H**.

32. Customers can also contact Defendant to “Become a Distributor” through this same website. *See* **Exhibit I**. Selecting the “Contact Us” button automatically opens a new email addressed to Defendant using the customer’s email service provider, including for customers located in the United States.

33. On information and belief, Defendant has also conducted business with several United States entities in order to further its infringing activities. For example:

- a. On information and belief, Defendant applied for and obtained a license certifying its engine oil products with the American Petroleum Institute (see **Exhibit J**);
- b. On information and belief, the website hosting company (GoDaddy, Inc.) for Defendant’s Website is located in Arizona (see **Exhibit K**);
- c. On information and belief, Defendant contracted with a company in California, Facebook, Inc., to market and promote its activities complained of herein;
- d. On information and belief, Defendant contracted with a company in California, Twitter, Inc., to market and promote its activities complained of herein;
- e. On information and belief, Defendant contracted with a company in California, LinkedIn Corporation, to market and promote its activities complained of herein.

34. Defendant has set out on a deliberate course of conduct to deceive consumers, including those in the United States, into believing that Defendant and its products are connected, associated, or affiliated with Phillips 66, even though Defendant is not currently affiliated with Phillips 66 in any way, in order to trade on Phillip 66's valuable goodwill.

35. Defendant's unauthorized use of the Counterfeit Marks began long after those marks became famous.

Harmful Effects of Defendant's Activities on Phillips 66 and the Consuming Public

36. Defendant's unlawful activities are intentional and expressly aimed at Phillips 66, which is headquartered in this District. Thus, the effects of Defendant's activities are felt in this District.

37. Defendant's unauthorized use of the Counterfeit Marks is likely to cause confusion, to cause mistake, or to deceive customers and potential customers of the parties as to some affiliation, connection, or association of Defendant's business with Phillips 66, or as to the origin, sponsorship, or approval of Defendant's goods and/or services.

38. Defendant's unauthorized use of the Counterfeit Marks falsely indicates to the purchasing public that Defendant, its business, and its goods or services originate with Phillips 66, or are affiliated, connected, or associated with Phillips 66, or are sponsored, endorsed, or approved by Phillips 66, or are in some manner related to Phillips 66 or its goods or services.

39. Defendant's unauthorized use of the Counterfeit Marks falsely designates the origin of Defendant's goods and/or services, and falsely or misleadingly describes and represents facts with respect to Defendant and its goods and/or services.

40. By using Phillips 66's registered Counterfeit Marks in connection with the manufacture and sale of oils, lubricants, and related products that are not genuine 76 branded products, Defendant is selling counterfeit products and services.

41. Defendant's unauthorized use of the Counterfeit Marks enables Defendant to trade on and receive the benefit and goodwill built up at great labor and expense over many years by Phillips 66, and to gain acceptance for Defendant's goods and/or services not solely on Defendant's own merits, but on the reputation and goodwill of Phillips 66 and its marks, trade dress, goods, and services.

42. Defendant's unauthorized use of the Counterfeit Marks removes from Phillips 66 the ability to control the nature and quality of goods and services provided under its marks and trade dress, and places the valuable reputation and goodwill of Phillips 66 in the hands of Defendant, over whom Phillips 66 has no control.

43. Defendant's unauthorized use of the Counterfeit Marks is likely to cause dilution of the 76 Marks.

44. Defendant's unauthorized use of the Counterfeit Marks enables Defendant to palm off its goods on the unsuspecting public as those of Phillips 66.

45. As a result of Defendant's unauthorized use of the Counterfeit Marks, Defendant is being unjustly enriched at the expense of Phillips 66 and the public.

46. Unless these unfair and deceptive practices and acts of unfair competition by Defendant are restrained by this Court, they will continue to cause irreparable injury to Phillips 66 and to the public, for which there is no adequate remedy at law.

IV. Willful Nature of Defendant's Wrongful Acts

47. 54. Defendant's use of counterfeit marks was and is willful. Defendant intentionally used and is using the 76 Marks knowing he is selling and offering to sell counterfeit products and services.

55. The acts of Defendant complained of herein constitute trademark counterfeiting in violation of 15 U.S.C. § 1114.

Overview

Monitoring and Enforcement

Recycle Oil

API's Engine Oil Licensing and Certification System (EOLCS) is a voluntary licensing and certification program that authorizes engine oil marketers that meet specified requirements to use the API Engine Oil Quality Marks. Launched in 1993, API's Engine Oil Program is a cooperative effort between the oil and additive industries and vehicle and engine manufacturers Ford, General Motors, and Fiat Chrysler and those represented by the Japan Automobile Manufacturers Association and the Truck and Engine Manufacturers Association. The performance requirements and test methods are established by vehicle and engine manufacturers and technical societies and trade associations such as (ASTM), (SAE), and the American Chemistry Council (ACC).

The Engine Oil Program is backed by monitoring and enforcement program that ensures licensees adhere to program requirements. This includes running physical, chemical, and performance tests on licensed engine oils and verifying that the API-registered Marks are properly displayed on containers and convey accurate information to consumers.

About half of the program's licensees are based in the United States, and the other half are spread around the globe. A complete list of licensees is available on our [licensee directory](#).

INSTRUCTIONS FOR ATTORNEYS COMPLETING CIVIL COVER SHEET FORM JS 44

Authority For Civil Cover Sheet

The JS 44 civil cover sheet and the information contained herein neither replaces nor supplements the filings and service of pleading or other papers as required by law, except as provided by local rules of court. This form, approved by the Judicial Conference of the United States in September 1974, is required for the use of the Clerk of Court for the purpose of initiating the civil docket sheet. Consequently, a civil cover sheet is submitted to the Clerk of Court for each civil complaint filed. The attorney filing a case should complete the form as follows:

- I.(a) Plaintiffs-Defendants.** Enter names (last, first, middle initial) of plaintiff and defendant. If the plaintiff or defendant is a government agency, use only the full name or standard abbreviations. If the plaintiff or defendant is an official within a government agency, identify first the agency and then the official, giving both name and title.
 - (b) County of Residence.** For each civil case filed, except U.S. plaintiff cases, enter the name of the county where the first listed plaintiff resides at the time of filing. In U.S. plaintiff cases, enter the name of the county in which the first listed defendant resides at the time of filing. (NOTE: In land condemnation cases, the county of residence of the "defendant" is the location of the tract of land involved.)
 - (c) Attorneys.** Enter the firm name, address, telephone number, and attorney of record. If there are several attorneys, list them on an attachment, noting in this section "(see attachment)".
- II. Jurisdiction.** The basis of jurisdiction is set forth under Rule 8(a), F.R.Cv.P., which requires that jurisdictions be shown in pleadings. Place an "X" in one of the boxes. If there is more than one basis of jurisdiction, precedence is given in the order shown below.
- United States plaintiff. (1) Jurisdiction based on 28 U.S.C. 1345 and 1348. Suits by agencies and officers of the United States are included here.
- United States defendant. (2) When the plaintiff is suing the United States, its officers or agencies, place an "X" in this box.
- Federal question. (3) This refers to suits under 28 U.S.C. 1331, where jurisdiction arises under the Constitution of the United States, an amendment to the Constitution, an act of Congress or a treaty of the United States. In cases where the U.S. is a party, the U.S. plaintiff or defendant code takes precedence, and box 1 or 2 should be marked.
- Diversity of citizenship. (4) This refers to suits under 28 U.S.C. 1332, where parties are citizens of different states. When Box 4 is checked, the citizenship of the different parties must be checked. (See Section III below; **NOTE: federal question actions take precedence over diversity cases.**)
- III. Residence (citizenship) of Principal Parties.** This section of the JS 44 is to be completed if diversity of citizenship was indicated above. Mark this section for each principal party.
- IV. Nature of Suit.** Place an "X" in the appropriate box. If there are multiple nature of suit codes associated with the case, pick the nature of suit code that is most applicable. Click here for: [Nature of Suit Code Descriptions](#).
- V. Origin.** Place an "X" in one of the seven boxes.
- Original Proceedings. (1) Cases which originate in the United States district courts.
- Removed from State Court. (2) Proceedings initiated in state courts may be removed to the district courts under Title 28 U.S.C., Section 1441. When the petition for removal is granted, check this box.
- Remanded from Appellate Court. (3) Check this box for cases remanded to the district court for further action. Use the date of remand as the filing date.
- Reinstated or Reopened. (4) Check this box for cases reinstated or reopened in the district court. Use the reopening date as the filing date.
- Transferred from Another District. (5) For cases transferred under Title 28 U.S.C. Section 1404(a). Do not use this for within district transfers or multidistrict litigation transfers.
- Multidistrict Litigation – Transfer. (6) Check this box when a multidistrict case is transferred into the district under authority of Title 28 U.S.C. Section 1407.
- Multidistrict Litigation – Direct File. (8) Check this box when a multidistrict case is filed in the same district as the Master MDL docket.
- PLEASE NOTE THAT THERE IS NOT AN ORIGIN CODE 7.** Origin Code 7 was used for historical records and is no longer relevant due to changes in statute.
- VI. Cause of Action.** Report the civil statute directly related to the cause of action and give a brief description of the cause. **Do not cite jurisdictional statutes unless diversity.** Example: U.S. Civil Statute: 47 USC 553 Brief Description: Unauthorized reception of cable service
- VII. Requested in Complaint.** Class Action. Place an "X" in this box if you are filing a class action under Rule 23, F.R.Cv.P.
- Demand. In this space enter the actual dollar amount being demanded or indicate other demand, such as a preliminary injunction.
- Jury Demand. Check the appropriate box to indicate whether or not a jury is being demanded.
- VIII. Related Cases.** This section of the JS 44 is used to reference related pending cases, if any. If there are related pending cases, insert the docket numbers and the corresponding judge names for such cases.

Date and Attorney Signature. Date and sign the civil cover sheet.
